Re: **Program Year 2003 Funding Rounds**

Notice: FSP-03-11

The Community Development Department would like to announce that the current application packages from 2002-2003 will continue to be used for the remainder of 2003. The applications are for the following programs:

- Housing from Shelters to Homeownership
- CHDO Works
- Foundations
- HOME Subrecipient Proposals

We have received many comments from recipients that they would like for application packages to be used longer than one year due to recipients' familiarity with the documents. With this, we will be able to further research feedback that we have received relating to policies and make changes that would be positive to both recipients and IHFA. These changes would then be applied to applications for 2004. If you are interested in viewing the comments that we have received relating to our programs, please view our website at www.indianahousing.org.

The dates for funding rounds for the remainder of 2003 are:

- *Round 4, 2002-2003 - CHDO Works/Foundations/Subrecipient Proposals*
 - Application Workshop June 4, 2003
 - Application Due Date July 1, 2003
 - Award Announcements August 28, 2003
 - Start-Up Training September 30, 2003

Additionally, the per round funding limitation included in the Housing from Shelters to Homeownership application has been modified, which has an impact on Threshold Criteria #17. Currently, the per round cap is set at \$1,000,000. However, for the remaining rounds using the 2002-2003 Housing from Shelters to Homeownership application, the per round cap will be raised to \$1,500,000.

In the scoring criteria of the application packages, points are available for an applicant that has attended an IHFA application workshop in the past 12-month period. By extending the time frame of use for the current application, it is unnecessary for applicants that have received training associated with these application packages to attend an additional workshop on this material. We will award points for attending an application workshop that covered the 2002-2003 application packages, even if this exceeded the 12-month period prior to submitting an application.
